

## *Watercolor Series*

### **Field Tiles**

Surviving Studios makes field tile to match all of our decorative tile background colors in 2", 4", and 6" squares. Their beauty is enhanced by the variation to be expected in a handmade tile. Neither sizes nor colors are exact.

When Natalie is the one creating, she looks for much more variation within the colors. She likes to make a wall of field tile that has the interest of abstract art. Let us know your preference when ordering.
